The screenshot displays the IBM Cloud dashboard in a web browser. The browser's address bar shows 'cloud.ibm.com'. The dashboard header includes the IBM Cloud logo, a search bar, and navigation links for 'Catalog', 'Manage', and the user profile 'Sakthi Oviy...'. A 'Create resource' button is prominently displayed. The main content area is titled 'Dashboard' and features a 'For you' section with five recommended actions: 'Build' (a large blue tile), 'Build a web app with Watson Speech to Text' (15 min), 'Get Started with Watson Studio' (2 hr), 'Build a Virtual Private Cloud (VPC)' (7 min), and 'IBM Watson Internet of Things Platform'. Below this, there are four tiles for 'News', 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status', each with a 'View all' link. The bottom of the dashboard shows a 'WebSphere Application Server Support Restatement' tile. The Windows taskbar at the bottom indicates a temperature of 27°C, a cloudy weather condition, and the time 14:45 on 13-11-2022.
